**Textbooks**

Manga comic books are Japanese. In the United States, these books are translated into English. With the popularity of these comic books, the style is often also produced in countries other than in Japan. Manga is the most well known comic book type worldwide.

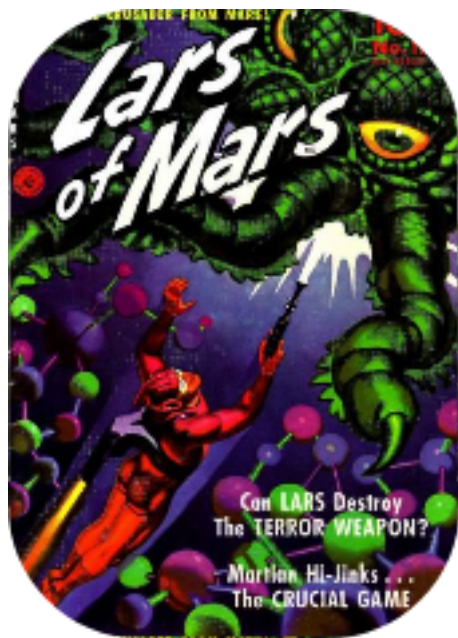

**Science fiction comics**

Science fiction comic books tell futuristic stories that incorporate advanced technology and, usually, travel through space. Many superhero comic books also fall under the science fiction category because of the superpowers and weapons they include.

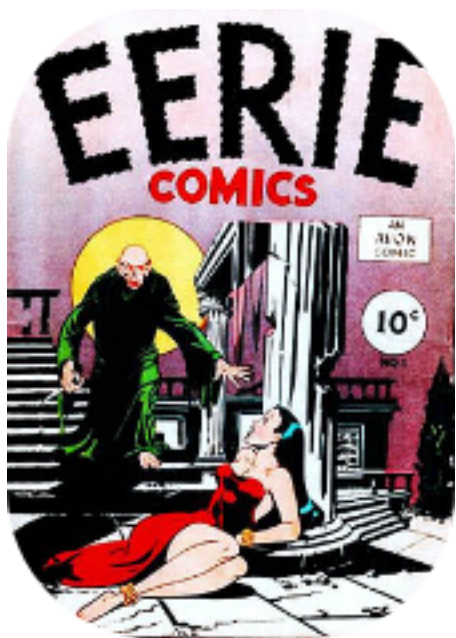

**Horror comic**

Horror comic books feature characters such as zombies, monsters, and vampires. These comic books tend to be gruesome and often include nudity and profanity. Horror comic books also generally contain dark themes.
